Note 1 (page 1) Student details are not published on the IYN web site. This registration is available for up to four years. Send a copy of your certificate to independentyoganetwork@gmail.com as soon as you qualify to and we will update your registration and put your details on the web site.. You won't be charged the full teacher's rate until your renewal date.

Note 2 (page 2) Include particularly here copies of certificates relating to any CAM therapy you'd like to be included in your insurance cover. Also, if you have certificates in Yoga besides your registered school certificate, include these.

Note 3 (page 2) You are required to have third party liability insurance for at least £5,000,000 since liability can fall back onto the IYN if you do not have it. We strongly recommend BGi's policy since it is very comprehensive and because there are no extras for most CAM therapies, children's Yoga, yoga therapy and so on. Policy holders whose main residence is in the UK or Eire and who work anywhere in the world except the USA and Canada are covered for £5,000,000. (EU residents contact Bgi for up to date information.) Premiums are payable in GB pounds. The more members take up the policy, the cheaper it will be.

Note 4 (page 2) Please note that if you have paid the preferential rate for members, your continued insurance cover with BGi is dependent on current membership of the IYN. Please note also that the person insured is ONLY the person named on page 1: this is not a group or company insurance. Similarly, your registration with IYN [if actively teaching as a student] is dependent on you having current, adequate insurance cover and will automatically cease if your cover lapses and you teach whilst uninsured.
